variety of hazards. Examples of PPE include such items as gloves, foot and eye protection, protective hearing devices (earplugs, muffs) hard hats, respirators and full body suits. This guide will help both employers and employees do the following:

- Understand the types of PPE.
- Know the basics of conducting a "hazard assessment" of the workplace.

Top Glove - Official Site

A leather glove is a fitted covering for the hand with a separate sheath for each finger and the thumb. This covering is composed of the tanned hide of an animal (with the hair removed), though in recent years it is more common for the leather to be synthetic. Common uses. Leather gloves have been worn by people for thousands of years.
