The Compact Oxford English Dictionary and others interchangeably define the noun "objective" as, Objective: noun 1 a goal or aim. Although the noun forms of the three words aim, objective and goal are often used synonymously, professionals in organised education define the words aim and objective more narrowly and consider them to be distinct from each other.

A goal is an idea of the future or desired result that a person or a group of people envisions, plans and commits to achieve. People endeavor to reach goals within a finite time by setting deadlines.. A goal is roughly similar to a purpose or aim, the anticipated result which guides reaction, or an end, which is an object, either a physical object or an abstract object, that has intrinsic value
