The distinction between traditional and innovative accounting practices is perhaps best illustrated with the visual timeline (see sidebar) of managerial costing approaches presented at the Institute of Management Accountants 2011 Annual Conference.

Management accounting - Wikipedia

Owner's equity. When starting a business, the owners fund the business to finance various operations.Under the model of a private limited company, the business and its owners are separate entities, so the business is considered to owe these funds to its owners as a liability in the form of share capital.
