

state power and world pdf

Superpower is a term used to describe a state with a dominant position, which is characterised by its extensive ability to exert influence or project power on a global scale. This is done through the combined-means of economic, military, technological and cultural strength, as well as diplomatic and soft power influence. Traditionally, superpowers are preeminent among the great powers.

A nation state (or nation-state), in the most specific sense, is a country where a distinct cultural or ethnic group (a "nation" or "people") inhabits a territory and has formed a state (often a sovereign state) that it predominantly governs. It is a more precise concept than "country", since a country need not have a predominant ethnic group. A nation, in the sense of a common ethnicity, may ...
